“

Di Teelo: Engineering Precision in Insurance
Claims with Expertise and Integrity

ABOUT

Founded in 2019. Di Teelo handles specialist claims.

Our core offering is in large and complex claims mainly in engineering, fire and liability claims.

Founder and managing director, Lebo Sekano, is an engineering insurance claims adjuster - most likely a pioneer as a female in this field in South Africa. Her career in engineering spans over 27 years, inclusive of the 15 years as an engineering loss adjuster. Di Teelo is

uniquely positioned to adjust engineering, fire and liability claims. She collaborates with her peers to support and strengthen Di Teelo's service offering to its clients.

This collaboration has proven to be invaluable whilst handling the looting claims, which enabled the company to handle property damage, stock and business interruption.
